# Organizational Audit on Diversity, Equity & Inclusion

Pikes Peak Library District

# Who We Are

Olive & Crane

# Olive & Crane

At Olive & Crane, we aim to illuminate barriers in order to help build just communities.

- Our work is informed by data and analysis but also makes use of human experience and the arts
- We pinpoint potential barriers for people with identities that are frequently marginalized – and help build and implement a plan to remove these barriers
- Our work ranges from one focused task, such as facilitating a workshop, to a comprehensive audit and strategy at an institutional level
- We work both at the national and international levels, with people of a diverse range of backgrounds and identities
- We help schools, communities, churches, organizations, and corporations

We work with all types of community groups, non-profits, institutions, and organizations. Here are just a few examples:

- Peace Camp Workshop Series, **Pikes Peak Justice and Peace Commission**
- Unpacking Cultural Messages in American Prom: A Workshop, **University of Colorado, Colorado Springs, ENT Center for the Arts**
- Black History Live: Poetry Workshop, **Colorado Springs Pioneers Museum**
- Speak Out: Poetry as Healing, **Cottonwood Center for the Arts**

# Scope & Process

How We Approached This Project

# Scope

For this project, we are providing observations and recommendations on furthering PPLD's goals regarding diversity, equity, and inclusion.

This report both highlights the work PPLD is already doing and pinpoints areas for improvement that are affecting people of marginalized identities, including race, citizenship, gender and gender identity, orientation, class, religion, age, ability, and related accessibility issues.

## **Project Components**

- Discovery questionnaire
- Communications
- Survey and survey analysis for employees
- System-wide HR processes and files review
- HR data review
- Demographic data review
- Programming and programming communications review
- Leadership/staff/employee interviews
- Synthesis of patron feedback received by PPLD
- Examination of PPLD branding, social media, and website spot-check

# Surveys & Interviews

We sent 413 surveys on DEI to PPLD staff, communicating further with those who demonstrated interest.

- **Surveys Received:** 319
  - **Interviews Conducted:** 48
  - **Email Feedback Received:** 6
- Employees are invested in PPLD as a workplace
  - Critiques are with goals of improvement in mind
  - Issues were confirmed by marginalized identities and others
  - Staff who don't see DEI as a leading issue at PPLD were also included
  - Feedback and recommendations are incorporated throughout to uphold confidentiality

# Who Was Interviewed?

This report incorporates the feedback received in 319 surveys. It also includes further insights from 54 employees who were interviewed by phone (48) or by email (6).

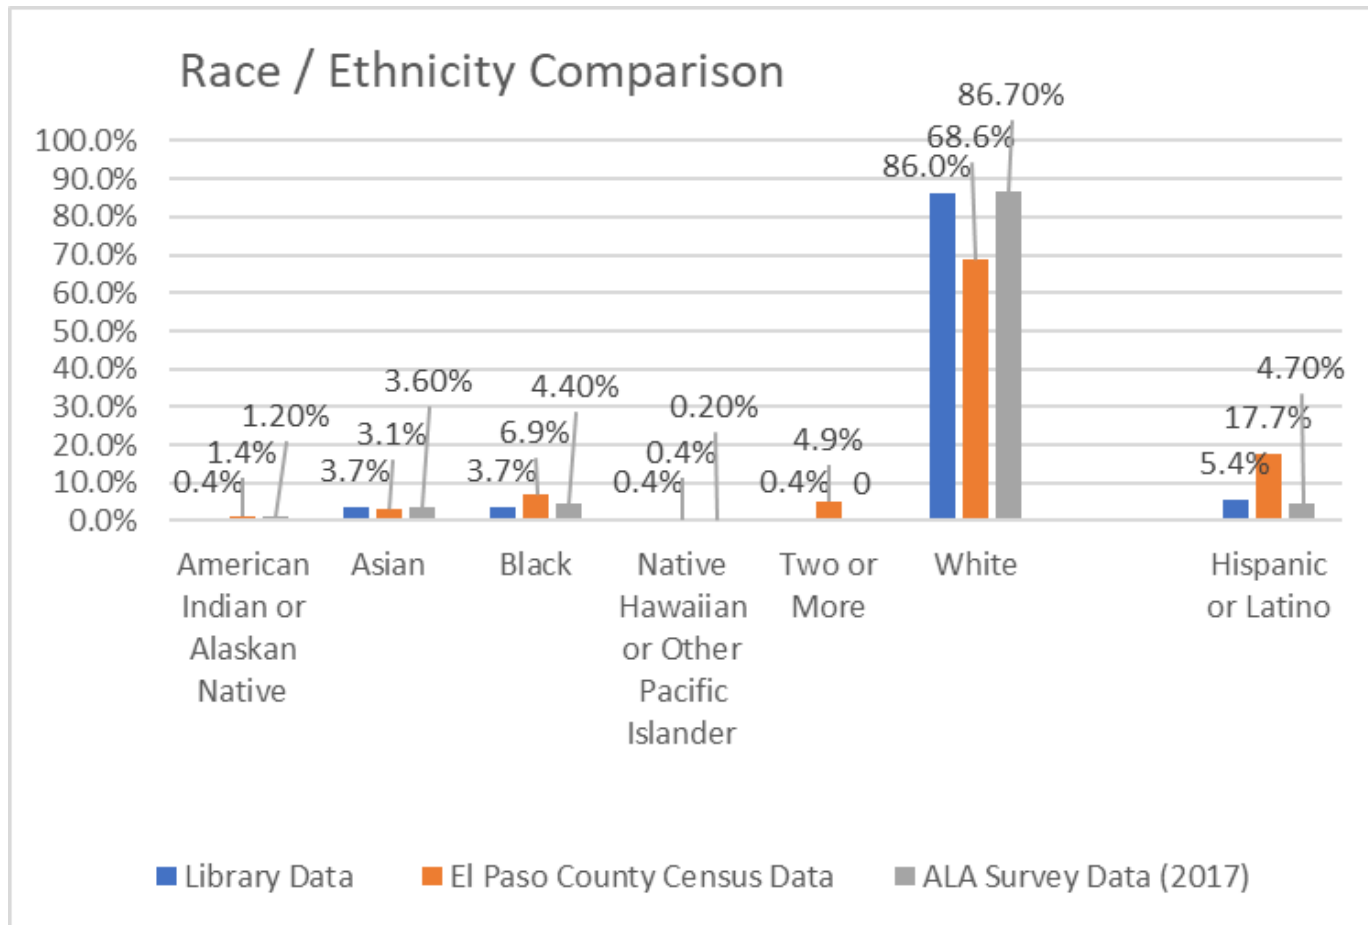

## Position Types Represented in Interviews

# Data

## Key Figures

# Race

**PPLD employs fewer Black staff and American Indian or Alaskan Native staff** than is representative of local populations and fewer than is typical in the library industry.  
**PPLD employs fewer Hispanic/Latino staff** than is representative of local populations.

# Gender

**PPLD has more gender diversity than is typical in the library industry.**

# Most Pressing DEI Issue According to Staff

## SINGLE MOST PRESSING ISSUE ACCORDING TO STAFF (SURVEY)

# Top DEI Challenges According to Patrons

## TOP PATRON CONCERNS

- Homelessness - 33%
- Fees (no longer an issue) - 31%
- Approach to security - 20%
- Staff rudeness to marginalized communities (particularly for non-white and/or patrons with a disability) -16%

There is currently **no regular survey inclusive of DEI issues conducted for patrons**. This information is gathered by looking through the 18,067 patron comments received by PPLD over three years, many of which are questions, reservation requests, etc.

# PPLD's Strengths

Moving in a Positive Direction

# Assessment of Strengths

While there are issues to address, stakeholders feel the organization is strong at its core. PPLD's focused effort to move towards DEI at all levels of the organization is in the beginning phase.

## Strengths

- Receptive to dialog on DEI at the institutional level
- Acknowledges room for growth
- Hired a new Director of DEI who represents PPLD's more diverse future
- Provides ongoing DEI-related trainings and workshops on race
- Provides crisis prevention and intervention training
- Hired an in-house social worker to work with patrons experiencing homelessness and other at-risk individuals
- Relocated Manitou Library to facilitate greater accessibility and involvement
- Hired a new Chief of Safety, Social Services, and Security Officer with experience in working with and advocating for marginalized populations
- Offers Diversity University, Equity in Action, Zywave Learning, and LibGuides trainings on DEI
- Purchases #OwnVoice books
- Supports use of preferred pronouns in email signatures and introductions
- Offers "preferred name" option for library cards

# Recommendations

Action Items

# DEI Objective 1 (within 6 months)

## Reenvision the Diversity Team

- Transition from the Diversity Team Exploratory Committee to a more diverse team that is guided by staff with marginalized identities
- Accept applications at all levels to build this diverse new team
- Allow the new team to recruit “community representative” members outside of PPLD
- Enable team to create key programs and events in collaboration with programming staff (for patrons and internal staff)
- Involve team in the interview process for higher-level positions/promotions; allow them access to relevant exit-interview data
- Provide team with mediation training
- Give staff a way to get support from team during related grievance redressal processes, coordinating with HR, including a team-built catalog of material around common DEI-related conflicts
- Empower team to propose targeted mentorship and school programs

# DEI Objective 2: (within 6 months)

## **Develop Routine Communications in Spanish (and other languages)**

In El Paso County, Spanish is the second most spoken language in the home.

- Ensure social media and promotional material (both general information and program information) is available in Spanish
- Provide program calendars in Spanish system-wide
- Make a plan to build Spanish language into the larger PPLD website
- Consider developing more programs in Spanish
- Look into implementing these same initiatives for other high-use languages for PPLD patrons, such as Russian and Korean
- Raise awareness (internally and externally) of programs that compensate staff for being bilingual
- Note: consider using translation tools and plugins in addition to original content in target languages.

# DEI Objective 3: (within 12 months)

## Diversify Hiring and Promotion Efforts

- Expand methods of outreach:
  - Announce jobs in English and Spanish on social media and radio
  - Flyer underrepresented communities for key programs and events to raise community awareness of PPLD as welcoming environment
  - Ask Community Representatives from Diversity Team to maintain list of community organizations to send position announcements
  - Announce jobs through Diversity Team's targeted mentorship and school programs so diverse community members can see a path to library employment
  - Return to holding an internship program for high school students
- Increase mentorship of supervisors, who have a lot of decision-making power in hiring, promotion, and conflict resolution:
  - Include at a strategic level in trainings, meetings, and high-level decision-making
  - Increase DEI training/resources for supervisors, including in ADA guidelines
- Standardize job requirements and apply consistent skills and experience equivalencies for academic requirements to show equal value
- Keep staff informed of possible grants, scholarships, etc. via local colleges and certification bodies
- Involve Diversity Team in outreach and interview process

# DEI Objective 4 (within 12 months)

## **Continue to Work towards Inclusive and Supportive Environment**

- Include learning about other identities, belief systems, and cultures in professional development through providing staff with opportunities to:
  - Read/watch/listen to and discuss curated media from diverse identities
  - Create/share their own media/activities/experiences that dialog with the above
  - Attend diverse programs provided by the community
- Collaborate with employees to internally crowdsource a list of holidays/celebrations to recognize and task Staff Organization with coordinating with Diversity Team
- Provide diversity training for all new employees during onboarding (and let applicants know during interview period)
- Build out schedule of workshops/trainings using recommendations of Diversity Team (and/or suggested topics at the end of this report as a starting point)
- Expand identities covered in (and running) workshops (diverse races, abilities, ages, gender identities, etc.)

# DEI Objective 5 (within 12 months)

## **Continue to Adjust Approach to Security**

- Continue the transition away from the traditional punitive approach to one of trauma-informed care (begun 2.5 years ago with new CSO)
- Incorporate security-related DEI issues into the annual Library Experience Survey (for patrons) and biannual staff survey
- Conduct a follow-up DEI-focused security review in collaboration with the CSO, DEI Director, external social workers, and restorative justice experts
- Strengthen trainings, policies, and processes that account for the differences in handling adults, teens, and children
- Provide non-security staff with training in handling disciplinary issues with youth to reduce escalation of incidents to security
- Consider balancing security staff with mental health professionals to contribute to calm environment and help balance needs of housed and unhoused patrons

# Additional Opportunities for Growth

Beyond Objectives 1-5

# Opportunities for Growth

## **Trans and Non-Binary Inclusion**

- Use pronouns on nametags
- Make sure libraries offer a gender-neutral bathroom

## **Older Staff**

- Increase staff awareness of the Ergonomic Worksite Evaluations (adaptive equipment) available through the Wellness Benefits at PPLD
- Increase culture of collaboration and value of experience alongside academics through teambuilding partnerships between younger and older employees

## **Individuals with a Disability**

- Train/refresh training for all relevant public-facing staff on available resources (both what they are and how to use them)
- Work with communications to increase patron awareness and comfort with resources (there are many!)

## **Hidden Disabilities**

- Create a no-questions-asked safe space (quiet, private, relaxing) for staff with hidden disabilities seeking a mental reset

## **Part-Time Staff**

- Build professional development opportunities into part-time employee work

# Opportunities for Growth

## **Improving Communication**

- Establish and promote a schedule to routinely solicit programming ideas from staff at all levels (using submission method already in place)
- Communicate clearly on progress towards objectives 1-5 with staff and wider community
- Schedule anonymous biannual surveys of staff that are inclusive of DEI issues to gather feedback/ideas
- Include DEI issues in annual survey of patrons to gather input and suggestions
- Clarify hiring processes to staff to avoid appearance of appointments
- Draft a formal “crisis hiring” process to follow during crisis periods like COVID-19 so staff feel alternative processes are fair
- Increase awareness and promotion of tuition assistance program to staff and patrons

# Opportunities for Growth

## **Branding, Social and Web:**

- Add more visibility of Latinx, Indigenous, and trans communities, as well as individuals with a disability
- Add more diverse photos of actual staff and patrons
- Make an effort for Mask Monday to feature a wide variety of staff identities
- Be aware of potentially sensitive holidays (e.g. Thanksgiving) and review posts with critical eye
- Find a design template that doesn't require lightening photos of People of Color to place font
- Consider ways to engage male audiences across demographics
- Balance posts with recognition of diverse celebrations (can crowdsource from staff and Diversity Team)

## **Performances**

- Work to include broader range of identities in programming throughout all locations (race, nationality, spoken language, age, gender identity)

# Possible Workshop Topics

Suggestions

# Approach & Possible Topics

Hold workshops and trainings on race, age, ability, citizenship, gender and gender identity, orientation, class, and religion. Take a collaborative approach, integrating opportunities for shared experience through readings, music videos, short films, etc. Workshops should be available for staff at all levels of PPLD:

- **Microaggressions:** What are they? What are examples that people from commonly marginalized identities have experienced? How can you help a coworker or patron when you hear someone else make a microaggression?
- **Power Dynamics & Identity in Conversation:** You want to be inclusive, but when you comment positively on a coworker's appearance or culture, you can tell something is wrong. How can we adjust communication approaches to build better relationships?
- **Communication Expectations & Gender:** How have men and womxn traditionally been taught to communicate in the workplace? What's the effect? How are intersectional identities further impacted? How can we undo these patterns?
- **Values & Identities:** How is having a value different from having an identity? How can we maintain personal values while supporting the identities of others?
- **Supporting Unhoused Populations:** Work with social workers on effective communication, common issues, and problem solving for the unhoused.

# Final Thoughts

While there are areas for improvement, overall, the **PPLD family is motivated to put in the work to grow** as a more diverse, equitable, and inclusive community.

Through serious pursuit of objectives 1-5, and by applying recommendations throughout all levels of the organization, you have the opportunity to achieve the goal of moving towards true diversity, equity, and inclusion.

It has been a pleasure getting to know the PPLD team at all levels.

# Stay In Touch

Please reach out if we can support you in the future.

### Board Minutes

#### **Decision 21-2-2: Minutes of the January 20, 2021 Meeting**

The minutes of the January 20, 2021 regular meeting of the Pikes Peak Library District Board of Trustees were included in the Board packet.

**Motion:** Dr. Ned Stoll moved to approve the minutes of the January 20, 2021 regular meeting of the Pikes Peak Library District Board of Trustees as presented.

**Second:** Mina Liebert seconded the motion.

**Vote:** The motion was approved unanimously.

### Consent Items

No consent items were presented.

### Unfinished Business

There was no unfinished business.

### New Business

#### **Public Services Strategic Plan**

Chief Public Services Officer and Deputy Chief Librarian Teona Shainidze Krebs shared the strategic plan developed by the Public Service Directors who lead 8 services and 3 regions. Ms. Shainidze Krebs thanked the Directors for incorporating results of the Community Needs Assessment into the plan. She also thanked Cody Logsdon, Organizational Development Manager, and Sarah Marshall, Training Supervisor, for leading the effort to compile individual input into a single comprehensive plan. The theme of the Strategic Plan is 'Combatting Loneliness', and each of the four goals are designed to support the theme.

President Wayne Vanderschuere thanked Public Services for the creation and sharing of this plan.

Trustee Scott Taylor asked for clarification on the Pen Pal program. Ms. Shainidze Krebs shared that this program was initiated at the Rockrimmon library and that details of the Pen Pal Program can be found at <https://ppld.librarymarket.com/ppld-pen-pals>.

President Wayne Vanderschuere took a moment to welcome Commissioner Geitner to the meeting and thanked her for attending.

## REPORTS

### **Friends of the Pikes Peak Library District Report**

The Friends of the Pikes Peak Library District was included in the Board packet. Friends of the Pikes Peak Library District Board of Directors President Stephen Adams was unable to attend the meeting. Trustee Mina Liebert shared that she was impressed with the volume of in-person sales in January 2021, despite being closed to the public until January 18<sup>th</sup>, as well as the increased volume of online sales.

## **Pikes Peak Library District Foundation Report**

The Pikes Peak Library District Foundation Report was included in the Board packet. Trustee Mina Liebert asked for clarification on the applications submitted to Kinder Morgan Foundation and Moniker Foundation. Chief Development Officer and Foundation Executive Director Lance James indicated the Kinder Morgan Foundation application is in support of Summer Adventure and the Moniker Foundation application is in support of general operations. Mr. James shared that the Moniker Foundation application has advanced to the next level of meeting with the Trustees.

Trustee Cathy Grossman asked for an overview of Library Giving Day. Mr. James shared that this is the 3<sup>rd</sup> Library Giving Day, that it is a national initiative as part of National Library week, and that it was started by the Seattle Public Library Foundation. PPLD's approach for 2020 was to launch a peer-to-peer giving campaign. This campaign was rolled out to staff to setup their own fundraising page with approximately \$15,000 being raised overall.

## **Financial Report**

The Financial Report for the period ending January 31, 2021 was included in the Board packet. Chief Financial Officer Michael Varnet reported that January revenue is \$1.28 million, down from last year specifically in the areas of interest income and specific ownership taxes. Expenses amounted to \$1.75 million, about 3% less than last year at this time.

## **Public Services Report**

The Public Services Report was included in the Board packet. Trustee Debbie English shared her appreciation for the detailed report as it helps her feel connected to library activity despite current limitations on public contact.

## **Library Reports**

The Communications Report, Facilities Report, Human Resources Report, Information Technology Report, and Safety, Social Services & Security Report were included in the Board packet.

Trustee Cathy Grossman stated the new floor in the Old Colorado City Library looks beautiful. Chief Facilities Management Officer Gary Syling shared that the project is ahead of schedule and everything is being moved into place.

Chief Development Officer and Foundation Executive Director Lance James stated that the replacement of the floor at the Old Colorado City Library was made possible through a \$75,000 anonymous donation.

## **Chief Librarian's Report**

The Chief Librarian's Report was included in the Board packet. Chief Librarian and CEO John Spears recognized the tremendous amount of work completed by Human Resources and Finance in January to close 2020 and transition to a new calendar year. Mr. Spears also shared his appreciation for the volume of work managed by Chief Communications Officer Michelle Ray and the Communications Department while hiring to fill 2 positions. Kudos were given to the Public Service Directors for developing a Strategic Plan that is an excellent roadmap for the District to build upon in serving the public. Special thanks to the Facilities and IT departments for all their work to prepare the Manitou Springs Library to open at the MAC.

Several concerns have been received recently regarding our mask policy, one of which was also provided to the Board of County Commissioners. The Governor's Orders do give the authority to local governments to implement their own policies. PPLD's policy is based on CDC and El Paso County Public Health Department (EPCPH) guidance and is in-line with other large library districts in Colorado. In following ADA guidelines, an ADA interview is conducted with each patron requesting an accommodation, however providing an accommodation does not require entry into the library buildings without a mask. PPLD also does not allow face shields to be worn without a mask

being worn underneath. Every decision made by PPLD has been approved by legal counsel. To our knowledge, there has been no transmission in any PPLD facility.

President Wayne Vanderschuere thanked Chief Librarian Spears for the diligent efforts to accommodate individual circumstances while maintaining a safe and healthy environment for patrons and staff.

Commissioner Geitner shared her appreciation for the effort to keep the public safe and understands the mask policy is a difficult issue to manage. Commissioner Geitner asked that we reconsider aligning our policy with the Colorado Department of Public Health and Environment (CDPHE) guidelines, especially regarding the age requirement of 10 years and older. Chief Librarian Spears indicated that the PPLD mask policy remains a topic of discussion as different variants emerge and recommendations based on science change. Consideration is also given to the impact changes will have on maintaining library operations. Commissioner Geitner offered her support and assistance in any way that her participation would be helpful.

The American Library Association (ALA) released a resolution to prioritize library workers to receive the COVID-19 vaccination. The Colorado Association of Libraries (CAL) has submitted a request to CDPHE to include library staff in group 1.b.2. for essential front-line human services workers. PPLD staff will receive a survey tomorrow to determine who is interested and ready to receive the vaccine. The results of this survey and a list of staff will be provided to EPCPH.

In response to being granted the privilege of being prioritized for vaccinations, PPLD leadership will be evaluating how we ensure operations continue to remain at the level commensurate with our designation as essential front-line workers. The Leadership Team will be discussing how this effort will be managed and any potential accommodation that can be made as staff receive each dose.

The ALA released a resolution to Condemn White Supremacy and Fascism as Antithetical to Library Work. The attack on the concept of neutrality is a bit troubling, and the Board should be aware that this discussion is taking place. Chief Librarian Spears believes this is a misplaced conflict between intellectual freedom and social justice, which are both core values of librarianship. PPLD has made a statement against racism, however the District does not censor viewpoints with which we do not agree.

Several comments were shared by Trustees in support of not limiting resources available to the community.

## **Board Reports**

### **Governance Committee**

Governance Committee Chair Debbie English reported that the Committee met on February 2, 2021. The Governance Committee discussed the CEO's performance evaluation and a preliminary discussion of the CEO goals for 2021.

**Chief Librarian's Goals for 2021**  
**Presented to PPLD Board of Trustees**  
**March 17, 2021**

Following the discussions at the last Board Meeting and at the Governance Committee, I am presenting a revised version of my 2021 Goals:

With the pandemic now extending into 2021, the most important goal—and the primary focus of staff, management, and administration throughout the District for the foreseeable future—is to continue evaluating how to offer and increase services in the context of the requirements/restrictions brought on by COVID-19. The reopening of the District will potentially move both forward and backward over the course of 2021 as the impacts of vaccination, pandemic fatigue, constantly developing variants, and changes in public expectations and behaviors are realized. That short-term planning will, by necessity, be both proactive and reactive, but long-term planning for what the District and its services will look like “on the other side” will be vital and will occur simultaneously. It is expected that this overarching goal will continue to take precedence over all else and that the additional goals listed below will be completed as resources allow:

1. Make substantial progress on a strategic plan, including reexamination of the PPLD Mission Statement and codification of PPLD values.
2. Make substantial progress on a facilities master plan that will provide options for the District encompassing various financial scenarios.
3. Continue exploration of a tax increase, with key deliverables by the end of the year including a recommendation on whether to proceed and, if we are proceeding, a timeline for education/outreach and appearance on the ballot.
4. Implement identified recommendations from the Diversity Audit (expected to be presented in final form during March 2021).

An important part of these goals is regular updates to the Board on progress, and the Chief Librarian will regularly communicate with the Governance Committee at their monthly meeting on what has been achieved, what hurdles have been identified, and whether any mutually agreeable adjustments to the goal(s) need to be made. The Governance Committee will, in consultation with the Chief Librarian, determine when updates should be presented to the full Board.

Respectfully submitted,

John Spears  
Chief Librarian and CEO  
Pikes Peak Library District

**Cheyenne Mountain Library Lease Renewal**

**Background**

The Pikes Peak Library District (PPLD) currently leases the facility located at 1785 S. 8<sup>th</sup> St., Colorado Springs, CO 80906 for its Cheyenne Mountain Library. The current lease expires August 31, 2021.

Currently, annual rent expense is \$10,553.38 per month (\$126,640.56 annually). Total square footage is 9,565 sq. ft.

**Renewal Proposal**

The Landlord (Monitor Cheyenne Mountain) has proposed a five-year extension to the current lease. A copy of the lease extension document (Proposal) is attached to this memorandum. The more significant terms of the Proposal include:

1. A non-appropriation clause, which is needed for compliance with TABOR.
2. The Proposal includes the following annual rental terms (annual rental increases range from 1.75 – 1.9%):

	<u>Monthly</u>	<u>Annual</u>	<u>Cost/Sq Ft</u>
09/01/2021 – 08/31/2022	\$10,752.65	\$129,031.80	\$13.49
09/01/2022 – 08/31/2023	\$10,951.93	\$131,423.16	\$13.74
09/01/2023 – 08/31/2024	\$11,151.20	\$133,814.40	\$13.99
09/01/2024 – 08/31/2025	\$11,350.47	\$136,205.64	\$14.24
09/01/2025 – 08/31/2026	\$11,549.74	\$138,596.88	\$14.49

3. The annual operating costs (Common Area Maintenance Costs) is capped at \$2.65 per square foot (or \$2,112.27 per month) for the first year and shall not increase by \$0.25 per square foot per year thereafter.
4. The Proposal includes a tenant improvement allowance of \$15,000, payable to PPLD upon submittal of receipts and lien waivers.
5. The Proposal includes an option to renew for an additional five-year term.
6. The terms of the Proposal have been discussed with PPLD’s Internal Affairs Committee.

**Recommendation**

Management recommends the Board of Trustees approve the terms of the proposed lease renewal for the Cheyenne Mountain Library facility for up to five additional years (September 1, 2021 – August 31, 2026) with the terms described above.

## FIFTH AMENDMENT TO LEASE

THIS FIFTH AMENDMENT TO LEASE (the “Fifth Amendment”) dated for reference purposes only as February 25, 2021, by and between **Monitor Cheyenne, LLC**, (hereinafter referred to as “Landlord”) and **Pikes Peak Library District** (hereinafter referred to as “Tenant”).

### WITNESSETH:

WHEREAS, Landlord and Tenant entered into that certain Lease for reference purposes only dated March 16, 2005, and Second Amendment of Lease Agreement dated March 16, 2005, Third Amendment to lease dated January 15, 2014, Fourth Amendment to Lease dated April 26, 2016 (Mistakenly called Third Amendment to Lease) which establish (the “Lease”), with respect to the premises located at Cheyenne Plaza, 1785 S. 8<sup>th</sup> Street, Colorado Springs, Colorado, consisting of approximately 9,565 square feet (the “Leased Premises”), and

WHEREAS the aforementioned Lease was and is due to expire by its own terms on August 31, 2021, and

WHEREAS, Landlord and Tenant now desire to amend the Lease, and specify certain changes to the terms and conditions of the Lease.

NOW, THEREFORE, the parties for good and valuable consideration, the receipt of which is hereby acknowledged, agree as follows:

1. **RECITALS.** The foregoing recitals are true and correct and incorporated herein by this reference.
2. **DEFINED TERMS.** All capitalized terms not specifically defined herein shall have the meanings set forth in the Lease.
3. **LEASE TERM ADJUSTMENT.** Upon full execution of this Fifth Amendment to Lease, the Lease Term for the Leased Premises, 1785 S. 8<sup>th</sup> Street, shall commence on September 1, 2021 and shall expire on the 31<sup>st</sup> day of August 2026.
4. **RENTAL.** Tenant covenants and agrees to pay a reserved base rent for the Leased Premises, consisting of approximately 9,565 square feet, during the Lease term:

<u>Months</u>	<u>Rent/Month</u>	<u>Annual Base Rent per Rentable Square Foot</u>
9/1/2021-8/31/2022	\$10,752.65	\$13.49 + NNN
9/1/2022-8/31/2023	\$10,951.93	\$13.74 + NNN
9/1/2023-8/31/2024	\$11,151.20	\$13.99 + NNN
9/1/2024-8/31/2025	\$11,350.47	\$14.24 + NNN
9/1/2025-8/31/2026	\$11,549.74	\$14.49 + NNN

5. **OPERATING COSTS CAP.** Operating Costs shall be capped at \$2.65 per square foot (\$2,112.00 per month) for the calendar year 2021 and shall not increase more than .25 per calendar year for the remainder of the lease term.
6. **PROPERTY TAXES.** Tenant is exempt from paying property taxes as long as El Paso County continues to assess the property based on the Tenant’s exempt status.

7. CONDITION OF PREMISES. Landlord delivers to Tenant and Tenant accepts from Landlord the Leased Premises in an as-is, where-is condition and both parties acknowledge that no Landlord's work shall be performed in connection with this Fifth Amendment.

8. TENANT IMPROVEMENT ALLOWANCE. Landlord and Tenant agree that Landlord will pay a Tenant Improvement Allowance of Fifteen Thousand Dollars (\$15,000.00) for improvements to the Tenants space once Tenant provides receipts and lien waivers to support improvements.

9. RENEWAL OPTION. Provided Tenant is not in default and has performed all of its covenants and obligations hereunder, Tenant shall have the option to extend the Term of this Lease (hereinafter, the "Option") for an additional period. The Option shall be for one (1) period of five (5) years upon the same terms and conditions, at the then current market rate, but not less than the previous year's rent, and upon the following further terms and conditions.

9.1 Tenant shall exercise said Option only by giving written notice to Landlord not later than one hundred eighty (180) days before the expiration of the Lease. Thereafter, Landlord shall advise Tenant within ten (10) business days of the Base Rent for the Option Period, and Tenant shall then have ten (10) business days within which to revoke in writing its exercise of the Option.

9.2 It is understood and agreed that this Option is personal to Tenant and is not transferable; in the event of any assignment or subleasing of any or all of the Premises said Option shall be null and void.

9.3 Option Addendum. In the event that Tenant shall elect to extend this Lease and shall serve notice of such election, and the rental for the renewed term is fixed, all as herein provided, the parties hereto shall, on expiration of the term hereof, execute an addendum to this Lease setting forth the commencement and termination dates, and the rental to be paid, for the extended term.

10. TABOR AMENDMENT. Landlord and Tenant acknowledge and agree that this Fifth Amendment to Lease shall not constitute a multi-year financial obligation of Tenant under the Taxpayers Bill of Rights ("TABOR") of the Colorado Constitution. Therefore, this Fifth Amendment to Lease is subject to annual appropriations for payment by Tenants Board of Trustees. If such appropriation is not made, the Lease shall terminate at the beginning of the appropriation year. Proof from Tenants Board of Trustees is needed to confirm their inability to provide the annual appropriation.

11. MISCELLANEOUS.

a. The Lease as modified herein remains in full force and effect and is hereby ratified by Landlord and Tenant. In the event of any conflict between the Lease and this Fifth Amendment, the terms and conditions of this Fifth Amendment shall control.

b. In the event of any litigation arising out of or in connection with this Fifth Amendment, the prevailing party shall be awarded reasonable attorney's fees, costs and expenses.

c. This Fifth Amendment shall be binding upon executions and inure to the benefit of the parties hereto and their heirs, personal representatives, successors and assigns.

d. This Fifth Amendment contains the entire agreement of Landlord and Tenant with respect to the subject matter hereof and may not be amended or modified except by an instrument executed in writing by Landlord and Tenant.

e. Except as expressly provided herein, Tenant has not assigned or transferred any interest in the lease and has full power and authority to execute this Agreement.

f. Tenant has no known claims of any kind of nature against Landlord arising from or under the Lease and there are no agreements between Landlord and Tenant other than the Lease as amended by this Fifth Amendment.

IN WITNESS WHEREOF, the parties have executed this Fifth Amendment to Lease as of the date set by their signature below. This Fifth Amendment shall be deemed effective upon delivery of a fully executed copy hereof to both parties.

## **District Internet and Wide Area Network (WAN) Broadband Service**

### **Background**

The District's internet and WAN contracts expire June 2021 requiring new contracts. The Federal E-rate program funds 80% of this service with the District funding the remaining 20%.

Previously, the District utilized three separate contracts for internet services. Another contract was utilized for wide area network (WAN) services. This current E-Rate cycle the District will combine the internet services and WAN services with one vendor under one contract.

### **Fiscal Impact**

IT staff estimated the total cost of this contract to approximate \$2M for 5 years with E-rate funding \$1.6M.

### **Organizational Objective**

Lower costs for this service while also structuring contract for flexibility to meet emerging requirements. For example, the District increased data speed for internet access to 1 gigabyte at three locations in FY19 when patron requirements exceeded capability. The District absorbed the resulting cost increase for the increased data speeds without benefit of E-Rate subsidy. The future contract will allow the District to meet similar emerging requirements while utilizing the E-Rate funding reimbursement program.

### **Acquisition Strategy**

Request for Proposal (RFP) released in accordance with District Financial Guidelines and E-Rate program guidelines on November 20, 2020 and closed January 8, 2021. The RFP period of performance is a base three (3) years starting July 1, 2020 with the option for two (2) additional one (1) year extensions thereafter.

The District received three proposals. Allstream was the vendor submitting the lowest cost proposal.

### **Schedule**

E-Rate program deadlines requires BOT approve vendor selection during this meeting. Timing critical to ensure contract signed and vendor selected to start work on July 1, 2021.

### **Internal Affairs Committee Meeting**

Management presented to Internal Affairs on March 2, 2021, and committee concurred with proceeding to Board of Trustees with results of the vendor selection.

## Actual Fiscal Impact

The following table depicts the internet and WAN bandwidth requirements:

Difference	\$ -	\$ 425,280	\$ 539,400

Estimated E-Rate funding for this contract is \$176,256 annually, or \$881,280 for the full term including the two optional years.

**Recommendation**

Management recommends that the Board of Trustees approve Allstream as the winning vendor to provide Internet and WAN Services.

**SmartNet Renewal**

**Background**

The Information Technology (IT) staff supports over 100 Cisco network devices. This equipment requires annual maintenance support through SmartNet subscription. This is the second year the IT staff has pursued having the E-Rate program subsidizing this annual cost. E-Rate will pay for 80% of this cost with the District paying the remaining 20%. The coverage period is July 1, 2021 to June 30, 2022.

**Fiscal Impact**

The IT staff estimated renewal cost at \$52,000 and the winning vendor’s actual cost was \$45,430.51. This amount will be paid from the Operations and Maintenance budget. Expected E-Rate funding is \$36,344.41, resulting in a net cost to the District of \$9,086.10.

**Acquisition Strategy**

Request for Proposal (RFP) released in accordance with District Financial Guidelines and E-Rate program guidelines on January 8, 2021 and closed February 5, 2021.

Two companies submitted proposals. Flair Data Systems was the only company whose proposal met all District requirements. The IT staff in accordance with the District’s Financial Guidelines evaluated Flair’s proposal and determined it met the “reasonableness” conditions as an acceptable cost. Table below depicts pricing and compliance:

	Flair Data Systems	Vendor A
Total Cost	\$45,430.51	\$51,312.17
E-Rate Estimate	\$36,344.41	
Net PPLD Cost	\$9,086.10	

For informational purposes only, the price quoted by the other company was \$51,312.17, that exceeded the Flair Data Systems proposed price.

**Schedule**

Smartnet renewal period July 1, 2021 to June 30, 2022.

**Internal Affairs Committee:**

Management presented to Internal Affairs on March 2 and committee concurred with proceeding to Board of Trustees with results of vendor selection.

**Recommendation**

Management recommends that the Board of Trustees approve Flair Data Systems as the winning vendor for SmartNet Renewal RFP 520-21-01.

**Pikes Peak Library District  
March 17, 2021**

**Penrose Carnegie Building Cabling Project**

**Background**

The Information Technology (IT) staff is undertaking a multi-year project for all libraries to meet industry cabling standards. This year, the IT staff will replace the Penrose Carnegie Library cabling, funding in part will come from the E-Rate program. In FY20, the Board approved the Penrose Library cabling project. This project will complete cabling for Penrose Library “campus.”

**Acquisition Strategy**

A Request for Proposal (RFP) was released in accordance with District Financial Guidelines and E-Rate program guidelines on December 11, 2020, and it closed on January 8, 2021.

The District received five proposals. Springs Hosting submitted the lowest cost proposal, \$28,219.67, meeting District requirements. The table below depicts vendor pricing and evaluation.

		Springs Hosting	Vendor A	Vendor B	Vendor C	Vendor D
	Total avail	Cost selected	Cost selected	Cost selected	Cost selected	Cost selected

**Internal Affairs Committee**

Management presented to Internal Affairs on March 2, 2021, and committee concurred with proceeding to Board of Trustees with results of the vendor selection.

**Recommendation**

Management recommends that the Board of Trustees approve Springs Hosting as the winning vendor for Structured Cabling Standardization for Penrose Carnegie RFP 520-20-11.

## Security/Safety System Overview & Timeline

A thorough audit of the Security and Safety technology systems at PPLD has concluded that the systems necessary to ensure the safety of our staff and users are currently either beyond end of life or nonexistent. In order to bring the District to the base level of industry standards, as well as improve the Safety and Security response to and preparation for identified risks, it is necessary, at a minimum, to address the following systems:

- Intrusion Alarm System
- Access Control System
- Camera System
- Radio System

To be effective, these systems need to be seamlessly integrated and accessible from a centralized staff location, the Security Operations Center (SOC).

### **Intrusion Alarm System**

PPLD has been working through the Facilities Department for many years to transition our intrusion alarm systems from proprietary to self-owned and landline to cell phone based. The last of these panels have been transferred to PPLD ownership. Although the monitoring is still through a subscription with an outside vendor, the ability now exists for PPLD to transfer that monitoring to another party or bring it in-house.

### **Access Control System**

A mere fraction of our facilities are incorporated into our antiquated Security Management System (SMS). PPLD still relies heavily on archaic key only access across the District. This not only provides significantly increased security risks to the facilities and staff, but it also limits the use of our resources, increases costs, and vastly elevates potential costs and liabilities related to the process. The entire District needs to be retrofitted to allow for the deployment of a centralized card access control. The current system is actually two systems that must be programmed separately due to the incongruent installations and age of our existing software.

### **Camera System**

A significant portion of the District's camera system's components are currently inoperative. The components that are functional are all independent by facility and must be operated and accessed from each individual location. The systems at most facilities are beyond service assistance, and the systems cannot be repaired beyond powering off and on to reboot the software. A full removal and installation of analytic capable cameras was planned for the District, but due to the need to adjust the budget in 2020, this has been postponed and a bridge system utilizing currently set aside capital funds will be implemented. This RFP is being awarded following Board approval tonight, and installation across the district of a cloud based, single source, temporary system will soon begin following the removal of all existing camera components are being removed from District facilities. Desired locations for the placement of cameras were identified in conjunction with outside security consultants, and new Cat 6 wiring that meets IT guidelines is being installed in those locations. This

cabling will be utilized in the new bridge system and reused when the bridge system is removed and the analytic capable system originally planned for is installed in the future.

### **Radio System**

PPLD has a line-of-sight radio system deployed at four of its 15 facilities. At the four facilities with radios, there has been only one radio channel accessible, blending all Security and Public Services communications onto the same channel. This prevents the radios from being fully utilized, confuses radio traffic, and distributes information to those not needing to be informed of sensitive situations. PPLD has been working to re-license our radios with the federal government (a mandated requirement that has not been maintained), as well as program a second Public Services channel on all existing radios to expand the capabilities and use at the existing facilities. This has been completed for 2/3 of the District's radios. The need for a District wide, multi-channel radio repeater network that allows public services at each facility to coordinate action both within individual facilities and across locations, while also allowing Security to communicate and be called directly to any facility in the district in emergency situations, is paramount. Additionally, this will allow Mobile Library services to remain in contact with the District while away on routes, Facilities and Security staff to remain in contact with the District while in transit from one facility to another when cell service is unavailable, connect several branches that have limited cell service, and provide a backup emergency channel of communication during power outages or cell service interruptions such as those seen during the Hayman and Waldo Canyon Fires.

All these systems by themselves are significant tools that improve communication, safety, preparedness, response, and access for both the public and staff across the District. The most important aspect of these systems, though, is that they must be integrated to work as one system. The systems must be selected and constructed in a way that they work with and for each other. Creating and staffing an SOC will allow for centralized monitoring and control and a united service point for all these components.

With Facilities's completion of the upgrade of all alarm panels to cellular that can be controlled from a web portal and placed in the ownership of the District, we are focusing on the continued radio upgrade and camera bridge system installation. With the award of the RFP, we will begin removal of the old systems and installation of the bridge system across the district, utilizing the existing \$300,000 that has already been set aside. This installation is anticipated to be completed by the end of the fourth quarter 2021. IT is projected to have all components removed from the East Data Center by the end of April. At this point we will begin remodeling the Data Center to be the District SOC and work during the camera bridge system installation to begin tying new system components into that resource. A multiyear plan exists to invest approximately \$60,000 per year and whatever location specific designated funds are available to slowly upgrade each facility with the new SMS software and badge hardware within the access control system. Installation in this manner is expected to take a minimum of 12 years. The potential of installing the entire system at once gives the opportunity to reduce the overall cost, open up vendor possibilities, and ensure that the components installed at the completion of the project still communicate with the components installed at the start of the project. The estimated cost of the installed SMS system is \$800,000. If installation began on this in the third quarter of 2021, we estimate completion in the first quarter of 2022. Once the SOC has been stood up and staffed, we can transfer the monitoring of the intrusion alarm system away from the contracted company and provide a more reliable and higher quality service while also reducing costs of monitoring. The badge access system can be tied directly into the alarm system at this point. The bridge camera system is intended to serve until

the estimated \$800,000 needed to install the final system is placed into a capital fund. At a rate of \$150,000 a year, this will take just over five years. During this time, we will continue to look for grant funding to offset the installation costs. Additionally, during these five years we will work to purchase and install a repeater-based radio system with cellular broadcasting radios to supplement each facility in the district and the services that need access. The cost of upgrading the entire radio system is approximately \$80,000 and can be implemented over time at a cost of \$16,000 per year. Possible grant funding exists to assist in funding this installation, as well.

The end goal is to have a 24hr staffed SOC that monitors safety and security across the District, as well as acting as a point-in-time communications hub for all departments, emergency coordination, and a District-wide alert notification system. All cameras in the district will be accessible and monitored from this point and will work in conjunction with the badge access system monitoring forced and alarmed doors. Remote contacts will notify of unsecured doors across the district that can be checked and secured with coordination of the camera, access, and alarm systems. Facilities will be on time locks and could also allow for reservation and access to library meeting rooms around the clock (similar to what currently exists at the Fountain Library). Alarm systems will be operated by badge access and we will remove the need for codes. These will also be controlled by the online management system. Building lockdowns can be initiated by the SOC or building managers on site with a single button. Panic alarms at all facilities will be tied into the badge access system showing exact location on a facility map as well as automatically focusing in with the camera system to immediately show issues and allow law enforcement to be notified. Almost limitless possibilities will exist when our systems work in conjunction with one another and are designed to operate with minimal interaction and reduced staffing. Methodically updating and planning these systems over the next five years will allow the district to operate safely, provide vastly expanded services to patrons and staff, reduce costs, leverage technology to act before some events threaten property and lives, and reduce the liability of the district through failing systems and outdated practices.

**Pikes Peak Library District  
March 17, 2021**

**Surveillance Camera System Interim Replacement Background**

The District’s current surveillance camera system is no longer logistically supportable and beyond end of life (EOL). The approximately \$1.1M budget (between the FY19 and FY20 Capital IT budget) for replacing the surveillance system was reduced to \$300K as part of the 2020 mid-year budget amendment. This resulted in descoping the original surveillance replacement project to stay within the revised budget. Consequently, management decided to put in-place a District interim surveillance system using the system already deployed at the Calhan Library, Ruth Holley Library and the Manitou Library.

**Organizational Objective**

Deploy low-cost and maintainable surveillance system for minimum five years to eventually obtain objective surveillance system with requirements previously descoped. This acquisition will provide the District with a functioning interim surveillance system. After five years the District will replace entire system except for the associated cable infrastructure that the District will “reuse.”

**Fiscal Impact**

The FY21 Capital Budget includes \$300K for this project (carryover from 2020).

**Acquisition Strategy**

A Request for Proposal (RFP) was released November 6, 2020 and closed January 8, 2021. The specifications were designed to match the current systems in place (as discussed above). The RFP also allowed for alternate solutions.

The District received six proposals. The District sent out to the six vendors an addendum asking for their best and final offer along with estimated service costs for years 2 –5. The Table below depicts the pricing received and evaluation resulting in selecting Springs Hosting as the winning vendor:

Cameras		Springs Hosting	Vendor A	Vendor B	Vendor C	Vendor D	Vendor E

Although Vendor D was the lowest priced bidder, their proposal was missing critical documents resulting in proposal removal from consideration.

### **Schedule**

Project activities will start after contract signing (estimated March or April) with project estimated to take six months for installation (estimated October completion).

### **Internal Affairs Committee**

Management presented to Internal Affairs on March 2, 2021, and committee concurred with proceeding to Board of Trustees with results of the vendor selection.

### **Recommendation**

Management recommends that the Board of Trustees approve Springs Hosting as the winning vendor for the Cameras and Cabling RFP #520-20-09.

## **Recommendation for Access Control System**

### **Background**

We are requesting to utilize a portion of our fund balance to purchase a replacement access control system. The current access control system was deployed piecemeal throughout the District starting in 2014. That project was largely completed in 2016, although additional work has been done, as necessary.

Unfortunately, the access control system installed was either at mid or near end of life. As a result, only one vendor in Colorado Springs will maintain this system, and other vendors have declined to do so, citing the age of the system (an indicator that the system is potentially beyond end of life). Further issues have arisen as additional wireless components have been added, creating two separate systems that do not communicate with one another.

There is currently a multi-year effort to replace the access control system, with approximately \$60,000 needing to be allocated per year for the next 10 to 13 years. The Chief Safety, Social Services, and Security Officer; Chief Information Technology Officer; Chief Financial Officer; and Chief Facilities Management Officer have developed the following potential courses of action (COA):

#### **COA 1: Continue with the incremental replacement.**

Pros: Uses planned capital budget.

Cons: This will lock us into a relationship with one company to maintain our system(s). This approach will also increase the maintenance costs for operating two, possibly three, access control systems until installation is completed and lead to increased costs and risks associated with maintaining systems beyond their end of life. Outyear funding cannot be guaranteed (although this is increasingly avoided, financial constraints have caused reallocation of funds, with a recent example being the surveillance camera replacement program). When the installation is complete, the initial installations may have reached their end of life or become legacy systems that are not supported by the final installations.

#### **COA 2: Replace the entire system simultaneously.**

Pros: This will avoid the pitfalls of the incremental approach and remove the necessity of relying on only one vendor for maintenance. It also allows for bids from a multitude of suppliers to gain the best technology and reduce the quoted price.

Cons: This would require the utilization of approximately \$750,000 to \$800,000 of fund balance. This estimate is based on figures from our current vendor, though, and it is expected that it will be lower when it is opened up to competitors.

#### **COA 3: Continue to operate system(s) without replacement.**

Pros: This would allow us to reallocate projected funding to meet other requirements.

Cons: Our current system(s) will eventually require replacement as parts become unavailable, and the current vendor is the “sole source” for system maintenance, potentially leading to inflated maintenance costs.

### **Recommendation**

Library administration and the Board’s Internal Affairs Committee recommend that we proceed with COA 2. Implementation of this course would be subject to approval of a mid-year budget resolution, which is tentatively scheduled for August.

### **Fiscal Impact**

The estimated cost is approximately \$750,000 to \$800,000. It is expected that this will be lower, though, as other companies will be allowed to bid on a consolidated project.

### **Acquisition Strategy**

A Request for Information will be released in April, with a decision expected in August utilizing Approved Government Contracts. The access control system selected will integrate with our future surveillance camera system and will include sustainability as an evaluation criterion.

### **Schedule**

Installation should begin in the third quarter of Fiscal Year 2021, with expected completion by the first quarter of Fiscal Year 2022. We will ensure minimal disruption for both patrons and staff.

## Friends of the PPLD February 2021 Report

Plans are proceeding for a pared-down annual literary awards event (Frank Waters & Golden Quill) in August as an outdoor evening event with drinks and apps. Awardee Jim Fergus, however, will not be available at that time. Pursuing another awardee and deferring Fergus to 2022. Latina Voices will be Sept. 25, 2021, in person or virtual. The "Read a Book" fundraiser has received more than \$7,500. Added new board member, AnnEliz Harford, the Friends volunteer who spoke at our annual meeting.

### Status of Operations as of February 28, 2021

Sales for February		
	Amazon	\$2,760
	eBay*	\$331
	Facebook	\$1,617
	Web storefront	\$193
	East Bookstore	\$2,951
	Library 21C	\$1,737
	Penrose	\$286
<b>TOTAL SALES</b>		<b>\$9,875</b>

\*eBay has been converting all sellers to managed payments, a process of disbursing proceeds that is similar to how Amazon pays. We spent a good part of the month restricted from selling while trying to get this set up, but selling privileges have been restored. We are 95% complete in the process. A benefit of switching to managed payments is that we will no longer have PayPal processing fees assessed on our eBay auctions.

- PayPal and eBay have confirmed our accounts as belonging to a verified charity, so we will now enjoy lower selling and processing fees. Our eBay listings will now display bold red letters stating "Benefits Charity" in search results. The detail page also states, "All proceeds go to charity."
- Donations are coming in regularly thrice weekly at East, and once per week at Penrose and Library 21C. Callers wanting to donate at Rockrimmon and Monument are being referred to those locations for instruction.
- Current volunteer count is 23, consisting of 19 weekly regulars and 4 monthly regulars (Facebook live team). Two more volunteers are returning to East in March after being fully vaccinated. March will be light on volunteer hours, as two are post-surgery and another is traveling until mid-April.
- Next Facebook Lives are scheduled for March 16 & 18, pending confirmation of volunteer availability. Themes will be "Spring Fling" (gardening, grilling, great outdoors, and giggles) and "Ladies Night" (celebrating Women's History Month with female authors, main characters, memoirs, and topics relating to womanhood).
- The Friends volunteer page at [ppld.org](http://ppld.org) will be updated with a new intro and more positions posted.

## REPORT

Received a commitment for a \$9,806 gift from the Woodmen Valley Sertoma Club to underwrite the purchase and installation of a hearing loop system in East Library's Community Room

**Note** - Fiscal year 2020 has been dominated by the onslaught of Covid-19, a Coronavirus. PPLD's operations have significantly impacts from the effects of being part of a world-wide pandemic. PPLD's services have been shut down/reduced since March 2020, and that had affected PPLD's revenue collections during 2020 and early 2021, primarily in the areas of specific ownership taxes and investment earnings.

## Public Services Report February 2021

### **Combatting Loneliness**

- All Young Adult staff took the CliftonStrengths assessment and have their top five strengths. At the monthly meeting, we did an activity to get to know each other better based on our strengths. We will be meeting quarterly and by region to do an activity led by the Young Adult librarians. Young Adult Services staff will join a region to deepen the relationships between Services staff and Library staff.
- Regional History and Genealogy staff offer a monthly Genealogy Coffee Talk for the genealogy community. Genealogy is typically an individual past time; however, this program creates space for discussion, sharing resources, and connection in a virtual environment. Participants are from all over Colorado, but the common denominator is their love of genealogy.
- Adult Education and Regional History and Genealogy co-hosted a trivia night and invited all Public Services Departments and their staff, all Regional Directors and their managers, and the Executive Team. We had 15 participants and the winning team was Amy Rodda, Barb Huff, and John Spears.
- North Region hosts monthly informal office hours for any staff who work in the north region; this includes public services as well as support teams. Our discussions vary from personal check-ins to see how everyone is doing, to more specific topics about the goings-on in the district or the region.
- Southeast Region has restructured staff meetings and now offers them at different times throughout the month, staff are encouraged to attend the meeting that works best for them and their schedules. We also continue to offer professional development opportunities through our podcast and Ted Talk groups. On inclement weather days, we meet and discuss ideas or news out in the larger library world.
- Mobile Library Services staff working with the Lobby Stop Van, who visit older adult care facilities, have made a practice of calling patrons to check in with them. They continued this practice this past month to check in with them.

## **North Region**

### **Community**

High Prairie received two boxes of new books – remainders from Young Adult Summer Adventure – that will be shared with our community partner Fresh Start Center. Fresh Start Center will pass them out in the food boxes given out to families.

The town of Palmer Lake has shared preliminary plans for the exterior ramp reconstruction. It is still anticipated for the project to take about 6 weeks to complete. At this time we do not have a groundbreaking date.

### **Resources**

High Prairie staff, Liz Willhoff (Manager) and Allison Presley, met with Facilities and the landscape architect to walk through High Prairie's back space and the plans to expand patron space outside. One thing they are adding is a permanent story walk. Aside from books and stories, some other ideas they have for the story walk are species identification (birds and plants), language learning, family movements, cloud identification, and tracks and scat. At Monument, the last shelving project was completed for the Children's AV materials. Big thanks to Greg Roes for organizing, Tony Bonino for installation, and Athena Cazier for arranging all materials.

On February 24, Library 21c held its first group tour in nearly a year. Ten Simla High School seniors along with two adult chaperones received a full tour of the facility. Their time included a special hands-on segment with Studio 21c where Video Director/Producer Roland Clements introduced them to green screen animations. The students were very enthusiastic about the library and its offerings and especially enjoyed their free time after the tour exploring the library.

### **Innovation/Creativity**

Take and Makes at Rockrimmon continued to please patrons during February. The library always gives them away quickly and receives feedback about how appreciated they are. They gave out 317 Take and Makes in the month. Here are a couple of comments from our patrons:

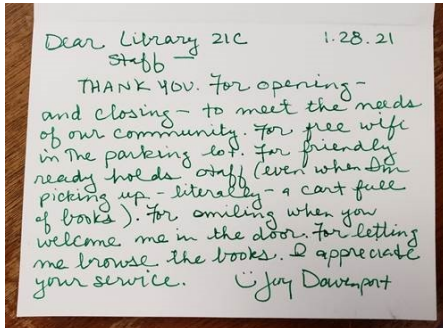

- RO patron (Dad) picks up Take & Makes to give to grandma when she babysits the grandkids on date night.
- RO patron (Dad) proudly shares photos of completed Take & Makes with his preschooler. His favorite was the Ice Lanterns because Dad (and his son) learned so much about the properties of water together!

Library 21c held its first Drive-in Storytime on February 2. It was a sunny and clear Tuesday morning, and 34 people in 10 cars sang and danced safely from afar with Children's Librarian Alanna Jones and Senior Associate Brady Nickerson. *The Gazette* captured photos of the event that were shared in their February 3 issue. The event's success inspired a double showing of Drive-in Storytime for March 2021.

### **Service**

Calhan Library began its AARP tax preparation services this month. Patrons from surrounding areas like Ramah and Simla visited the library for the first time since the library has opened. Calhan staff have received a lot of positive feedback and have opened many new accounts for these patrons. In fact, there have been days when Calhan has met building

capacity! Having this service available at this location has provided Calhan with the ability to reach many new community members and show them the resources the library has to offer. Library 21c staff received the following note from patron Joy Davenport:

*“Dear Library 21c Staff—*

*THANK YOU. For opening— and closing— to meet the needs of our community. For free wifi in the parking lot. For friendly ready holds staff (even when I’m picking up—literally—a cart full of books). For smiling when you welcome me in the door. For letting me browse the books. I appreciate your service. –*

*☺ Joy Davenport”*

In early February, PPLD announced that Studio equipment checkouts and 3D printing services would resume. The same month, meeting rooms and creative spaces reopened for public use. Patrons have expressed excitement and gratitude that these popular services are available again. This expansion of multiple services had a great impact on Library 21c; it provided staff a preview of the facility’s services through a post-COVID lens. While the patronage is greatly different (40,252 visits in February 2020 versus 7,706 visits in February 2021), Library 21c is looking a bit more like its formerly bustling self.

### **Internal/Staff**

High Prairie and Calhan staff began learning Spanish vocabulary with an aim towards their goal of better connecting with the Spanish speaking community.

Rockrimmon has collected applications from 24 viable candidates for our Senior Associate YA Specialist position during February. There are many qualified applicants, particularly teachers looking for a change. We will be conducting interviews on March 11, 2021.

### **Accountability**

High Prairie and Calhan libraries will be purchasing personal hand towels for staff to cut back on all the use of paper towels. They have started going through many paper towels with increased hand washing. This idea is modeled after the Japanese Tenugi towels and Huck towels used by hospital staff.

In February 2021, PPLD began reopening meeting rooms to the public. The reinstatement of this service came with new procedures and expectations to keep the public and staff safe during the pandemic. Library 21c is PPLD’s meeting room powerhouse with over 17,000 meetings and events occurring in its meeting rooms in 2019. Patrons have been seeking meeting space ever since the library reopened for Curbside service in May 2020, so they were very excited to have this popular service restored. The library’s first meeting room use in nearly a year occurred February 23, and requests have increased greatly over this time. Spaces now available for patron use include: Rockrimmon Meeting Room, Library 21 Venue, Library 21c Createspace, and the B5 Study Room at Library 21c. Patrons have been overwhelmingly pleased that this service is now available to them and staff have received many positive comments.

## **Southeast Region** **Community**

Fountain hosted a Drive-in Storytime on February 6<sup>th</sup>. Melody Philbrick helped to coordinate with Family and Children's services. 20 participants were happy to come back to Fountain for Storytime. We are looking at future dates for the next Drive-in Storytime in Fountain.

Sand Creek's Jenny Kremyar and Jordan Romero (along with our Trust for Public Land partners) met with Matt Mayberry from the City of Colorado Springs to discuss presenting our tile art project to the Public Arts Commission for inclusion in the city's public art collection. We are preparing to present this on March 16. If accepted this will provide some extra visibility for the Southeast community and highlight some of the wonderful things happening here.

## **Resources**

During our SE Region Staff meetings, we have been presenting short micro-trainings about the resources, new and old, that are available to our patrons. In February, we talked highlighted the new Overdrive Digital Magazines and encouraged the staff to take some time on their own to practice searching, checking out, and reading magazines so they can troubleshoot and promote the service. Most of the Fountain staff reported that they felt comfortable sharing this great new resource with our patrons because they took the time and felt comfortable exploring on their own.

Sand Creek and East Creative Spaces are OPEN! Staff at both locations are offering drop off 3D printing. At East, patrons reported that they did not know we had a makerspace until it was announced we were reopening the space. Meeting Rooms were also opened this month at Sand Creek and East. It did not take long for patrons to book up the rooms and we've noticed a trend of groups who work with children wanting the space. We are happy to provide a space from some much need social connection.

## **Innovation/Creativity**

In 2020, IT identified a need for a larger network closet on the first floor at East. We found a space in the corner of the Circulation Workroom. Facilities moved some shelving out of that corner to another space in the workroom – and IT now has a closet in that space. In order to accommodate that change, we needed to become more efficient in our cart staging. The East Team has been working on reducing how many carts we sort/stage for shelving, and adjusting how the space is allocated. Marion Robert has led a group of several staff who have experience in sorting items onto carts to identify ways to improve the backroom for all use. Improving the workflow is an ongoing work-in-progress but this has been a good experience for involving staff and obtaining their input.

## **Service**

At Sand Creek, a tricky situation arose many times with patrons using the Colorado unemployment website at MyUI+. Patrons who are able to login should be able to view and print their benefit statements, but Chrome first blocks the popup, then instead of the PDF file they should receive, Chrome was downloading a .ASPX file (whatever that is). Keagan Kellogg discovered the MyUI+ site would function correctly using either of the other 2 installed browsers to download and print PDF benefit statements.

As we move closer and closer to what is considered normal, our patrons are looking to the library for spaces to meet. The Fountain staff are consistently looking for ways to accommodate our patrons within our guidelines and safety protocols. Recently, a patron came into the library

looking for a place to meet an employer for a person-to-person interview. Manny Minjarez arranged a spot in the library with two chairs and made sure both parties followed library separation protocol, masks and distance between persons.

### **Internal/Staff**

Six staff from East successfully obtained a spot in PPLD's Leadership program. Rebecca Conrad, Caitlin Horton, Mikayla Contreras, Angelica Aguilar, Shannon McDonald and Jenny Kremyar are all participating in this session. This is an interesting group from East as it includes a Shelves, Senior Assistant, two Senior Associates and two Librarians. Lots of leadership potential! We are looking forward to some great things to come from this group!

### **Accountability**

Ruth Holley has temporarily scaled back on hours of operation due to staffing shortages and has temporarily closed on Saturdays and open from 10-5pm Monday through Friday. After receiving some patron feedback, Ruth Holley will be open until 6pm Monday through Thursday starting the first week of March. Ruth Holley hopes to be back to normal hours in April.

### **West Region** **Community**

This month Penrose Library hosted a Drive-In Storytime program. It was fun to ask the families to honk the car horn, turn on the wipers, and flash their lights, sing songs, and read books. The program was very fun, and the most fun staff have had in a program in a long time. Staff learned new technology with the FM emitter and the Bluetooth microphone receivers. This incredible program shows how we are using new ways to advance collaboration with our community.

Sarah Hoelting, Old Colorado City Senior Library Associate (FCS), drafted a business proposal to be presented at an upcoming OCCA Board meeting to gauge interest in featuring a PPLD stroll-a-story in the windows of OCC businesses during the 2021 holiday season. Sarah communicated with Evan Childress, PE Librarian; Melody Alvarez, Director of FCS; and Elyse Jones, Community Partnership Coordinator, to gauge the beginning stages of a community partnership with the District.

### **Internal/Staff**

Staff report that "The PPLD Leadership Course is an excellent way for my peers and me to learn about leadership in PPLD and be a better leader in our libraries. I am learning useful leadership skills and techniques that I can implement daily. I am also learning more about the values and mission of PPLD. This course is a great tool to understand the inner workings of PPLD and align with the ideals and principles set forth. I am excited about our next in-person meeting and learn more. This course is increasing my confidence in my leadership skills and teaching me new techniques. I am finding myself more motivated to take on leadership tasks when needed."

Penrose Staff have seen a lot of enjoyable interactions with people this month. One compliment for PPLD which was loved was, "Seeing the line for the taxes for PPLD on my property taxes never upsets me – I'm happy to pay it! And actually, I also own a building for business, where the taxes are much higher, and I'm still happy to pay it! You guys are fantastic!" Moments like this make us really proud to work here.

Ute Pass Library is welcoming a new Sr. Library Assistant, Heidi Bailey. Everyone is so excited to have a new team member and the current staff can't wait to work with her.

## Accountability

This month Mobile Library Services completed a two-year update project on our thirteen-year-old diesel pusher! In 2019, the upholstery on the driver, passenger, and desk seats as well as our two benches was complete. In 2020,

the old wrap was removed, body work and paint repair were completed, and the new wrap was installed. Moreover, this month saw the completion of the project with the installation of our new, smaller, less expensive, and better-quality awning, new tires, and new rims. The patrons are so thrilled with our new look; exclaiming in disbelief “Are you sure you didn’t get a new vehicle?!”

Facilities, Collection Management, IT, and OL staff (Trish Blakely, David Rasmussen, Andy Rusk, Joe Paisley, Sarah Hoelting, and Amber Cox) have been busy preparing the space for the reopening of Old Colorado City Library. The collection and layout of OL has changed, and staff are excited to welcome patrons back in March and see their use of the updated space.

## **Adult Education** **Community**

Lacey Miller continued to work with School District 11 Adult & Family Education’s Career Navigators to design and plan for the Digital Skills Training in-person and online classes as part of the Talent Accelerator Grant received by the Pikes Peak Workforce Center. Classes will launch in April at the Roy J. Wasson Academic Campus.

## **Innovation/Creativity**

Virtual Computer Skills Refresh programs started in February. These programs are designed to introduce patrons to PPLD's self-study resources like Northstar Digital Literacy and Learn on Demand. Lacey Miller (AE) and Shannon Heffner (EA) trained 3 additional staff members to facilitate these programs so we can provide online digital literacy training until we can safely host computer classes again.

## **Service**

One student graduated from Career Online High School.

We had 10 ABE, 29 ESL, and 14 COHS active students in February.

So far we have post-tested 26 students (34.67%), and from that number 14 (18.67%) gained level. We are on our way to meet the 37% MSG target. We are making extra effort to encourage and support our students to ensure we meet the 37% MSG rate by the end of June.

## **Internal/Staff**

Tammy Sayles and Lacey Miller participated in the Bridge LMS training sessions.

## **Adult Services**

### **Community**

Deb Hamilton met several times with the Peak Progress group (formerly Quality of Life Indicators). At this point the group still needs to complete all their data collection and have it into the United Way by April 1<sup>st</sup>. Deb will be assisting with most of the data collection. There has never been a section in the QLI report on local governments before, so most of the work done by the group so far has just been to decide what areas they wanted to measure.

Deb's work with the Access to Justice Committee continues. They decided to work on trying to establish technology access stations for self-represented litigants who are having trouble accessing their remote hearing through WebEx. The SRLs are facing several issues from lack of Wi-Fi, equipment, or lack of phone minutes. We are hoping to set up technology stations at least two library locations and are beginning to work out the logistics for this program.

Sandy Hancock had a very productive meeting with staff at the SBDC. They explored ideas for expanding ways we can collaborate. Sandy will start doing the Marketing segment in their series starting in March.

Amy Rodda and Lance James met with a group looking to relaunch the Pikes Peak Laureate Project. The group includes former poet laureates, COPPeR, and Poetry719. We are still unsure of the direction this project will take but the group is enthusiastic about reviving it.

### **Resources**

This month Katie Edson (virtually) taught Grantseeking and Foundation Directory Online Advanced. The participants seemed engaged and many who took the first class, Grantseeking, returned to take the second class. There has been a general uptick in interest and attendance for the nonprofit classes.

We held a Community Conversation on the COVID-19 vaccine on Feb. 25. Our panelists were amazing, very knowledgeable and very patient with some of the pointed questions. It was very

informative. We were able to record the program and have reached several more people through the recording.

Meagan Huber started the yearly update for the annual passes in the Checkout Colorado packs. This year, the state library updated many of the materials, so the process has been much more intensive.

### Service

We hosted a few extra programs this month as a part of WARP - the first ZOOMobile with the Cheyenne Mountain Zoo (photos attached) and Geology of Red Rock Canyon Open Space. Both programs were well-attended. Here are some comments from Geology of Red Rock Canyon program: "Thank you so much for putting this together! Very enjoyable and informative! Fantastic presentation! Thank you! 🦋"

We kicked off the Winter Adult Reading Program on Feb. 1 and to date we have 2,490 people registered and we're only halfway through. To put that in perspective, in 2019 we had 2,968 register and in 2020 we had 3,350 register. Those are totals for the whole program, so we are happy to see where we are at the halfway point for this year's program. Updating the program a little bit has made it more accessible to people, and Communications has done a great job promoting it.

Our Black History Month programs planned by Melissa Mitchell went very well. The Reminders did a fabulous recorded program that was very well received on YouTube. We also had a great audience for Durthy Washington's program The Black Novel as Protest Fiction.

Our team worked hard on the summer menu which was released to branch staff on March 1. We are planning on a mix of virtual, outdoor, and indoor programs.

### Internal/Staff

Deb met with the group of legal service providers who will assist her in developing an online staff training on their services. Those groups are the Self-Represented Litigant Coordinators, the Family Court Facilitators, the Justice Center, and Colorado Legal Services. The training will be offered on Fri., April 30 from 8 - 9:30 a.m.

Several staff attended the ALA Media Literacy for Adults webinars and found them very helpful. We are brainstorming ways to incorporate media literacy into our resource guides and programming.

## **Collection Management**

### **Community**

Lisa Thomas, Children's and Teen Selection Librarian, and Tania Hajjar, Collection Acquisition Manager, served as judges for the local National History Day competition on February 27.

Discarded paperbacks were given a second chance at life when they were evaluated and boxed up for the El Paso County Community Justice Center.

### **Resources**

Marie Duplantis-Webb, Senior Associate for Serials, completed the 2020 Periodical Use Study. The report is ready to send out with the annual renewal lists this spring, so that relevant staff may make periodical decisions for 2022. PPLD currently subscribes to 417 magazine titles, and each year there are magazines that cease their print publication. The biggest discontinued print magazines in the last few months are: *Popular Science*, *O: The Oprah Magazine*, and *Sunset*. *Popular Science* and *O: The Oprah Magazine* can both be found in the OverDrive magazine collection.

Cindi Salazar, Senior Associate for Cataloging, created records for the new Discovery Kits which were created by Creative Services and will soon be available for patrons to check out.

### **Service**

Numerous staff helped prepare the MAC and OL shelves for the opening and re-opening of the locations. Additionally, staff helped with weeding at multiple libraries and pulling holds.

Colleen Medling, ILS Admin, worked with Mobile Library Services and Creative Services to create reports that will help them follow up on checkouts at assisted living facilities and on specialty item checkouts. Colleen also coordinated the update of RFID hardware and software, with IT staff and the RFID vendor, and provided training to staff.

Despite a shortage of staff in February, the Interlibrary Loan department achieved these milestones for the past year:

- Highest number of ILL requests for both borrowing and lending
- Fastest turnaround time for both physical materials and articles
- Highest circulation of ILL materials

### **Internal/Staff**

Greg Roes, Circulation Services Coordinator, helped develop and prepare a supervisory level survey to assess the Circulation Trainers program and identify areas for improvement. Greg also submitted a proposal for a CALCON presentation.

Chris Carlson, Materials Supervisor, and Michelle Pfof, Senior Cataloger, attended the two-day Diversity University class and both said it was a very eye-opening and meaningful experience.

The Selection Librarians attended the virtual Library Journal Winter Summit.

February brought Feedback Sessions for all Collection Management staff, as well as the transition to Microsoft OneDrive for file storage.

## **Accountability**

Heidi Pritchard, Senior Associate for Acquisitions, noticed a discrepancy in a vendor's shipping charges for materials. The vendor was informed of the problem, which they fixed, and credited PPLD's account. This is just one example of the diligence and attention to detail that Collection Management staff apply to their jobs.

## **Creative Services**

### **Community**

Knights of Columbus Hall (KCH) began hosting small groups in conjunction with partner organizations in February. The Place, which shelters and assists teens who are experiencing homelessness, began hosting GED tutoring on Saturdays. One of their largest issues is finding space to hold tutoring and other programs, KCH is so far proving to be an easy fit for this. They are starting the collaboration by providing math tutoring and have plans to expand into other subjects. With the resources and space that KCH can offer, The Place is looking at other options that would further enrich their clients' lives, within the realms of academic assistance, recreational activities, and creative exercises.

InRich also began hosting art therapy sessions on Fridays at KCH. InRich had been a consistent presence at KCH prior to the pandemic, and it is wonderful to have them return. InRich provides art therapy sessions for those experiencing homelessness in the Pikes Peak region and has developed a consistent and enthusiastic following.

### **Resources**

Kitchen equipment - both large and small - started arriving in February. Creative Services and Adult Education are excited to be able to offer the Food Industry Training program in the library this year.

### **Innovation/Creativity**

Jennifer Eltringham and Becca Cruz attended two meetings to start planning for All Pikes Peak Makes in October. While this year will still be different from the past 3,000-person event, the team is excited to try some new things and focus on the amazing making happening in our community.

### **Service**

The creative spaces were reopened on February 9. Studio equipment checkout and 3D printer drop-off services started the week before on February 2. Patrons have been pleased to start coming back in to use these unique services. Using the new Library of Things management software, about forty reservations occurred for makerspace equipment, two studio uses happened, and fifteen pieces of studio equipment were checked out. Studios are required to be booked out a week in advance so that staffing can be arranged around the times that are scheduled. Makerspace equipment is able to be reserved for the day of.

### **Internal/Staff**

Ben Dahlby and Sarah Holland helped to update the makerspace laptops so the correct version of Cura, the 3D printer software, was on them in advance of starting 3D printer drop-off services.

Sarah and Ben have also been training new staff, including the new Creative Services librarians, as well as the new creative senior associate for Manitou Springs Library.

## **Accountability**

Sarah Holland worked with Tatiana Zonte from Finance to order all the smaller equipment for the kitchen at Library 21c. These items will be used to facilitate our Food Industry Training program when we are able to start it up again. Sarah also helped coordinate the delivery of the new kiln for Make at Sand Creek. This larger kiln will accommodate bigger pieces and be easier to use.

## **Family and Children's Services**

### **Community**

Betty McDonald presented a live virtual Valentine craft program to kids at Children's Hospital Colorado on Feb. 12. One hundred Take & Makes were assembled and delivered prior to the program. The Take & Makes were distributed to Colorado Springs and Broomfield locations. In addition, Christa Funke worked with Children's Hospital Colorado to provide an information session for parents (and their tweens/teens) about what to expect from adolescents. Twenty-three patrons attended the program and were very appreciative of the program.

### **Resources**

While Laura Broderick attended Diversity University, she reached out to Dr. Walter and recommended that she help organize an extensive diverse booklist for children. Laura received recommendations from FCS staff throughout the District and compiled the list for Dr. Walter to use at local schools.

### **Innovation/Creativity**

Milissa Fellers and Melody Alvarez presented a one-hour Drive-In Storytime webinar at CSL in Session on 2/24/21. 89 participants from across the United States attended this webinar. Some responses from the webinar evaluation include:

*I have tried a drive-in story time; this webinar gave me a better understanding of the equipment that might help such a program work better.*

*Thinking a lot about big books and how we might need those as we turn to indoor, in person programming too. Take and makes, give away bell brace lets are fabulous ideas! I really just want to try one of these so I can see a whole parking lot of cars participating in "Wheels on the Bus"!*

### **Service**

Milissa Fellers facilitated our first 6-week Prenatal Series for 2021 with Summer Hiatt from Nurse Family Partnership. At the conclusion of the series, we received positive feedback from participants:

*I enjoyed the small setting allowing for questions and engagement.*

*All of the presenters are extremely kind-hearted and full of information!*

*Just wanted to give a huge thank you for everyone that was present during these sessions. I've really looked forward to our meeting days and have gained a great amount of knowledge that helps with feeling more confident to bring a little baby girl into this world!*

### **Internal/Staff**

Betty McDonald created a Lexile, AR, and Leveled Readers training for the FCS District meetings. The training was prerecorded and will help all front-line staff assist parents who are looking for specific reading levels.

## **Regional History & Genealogy**

### **Community**

On February 24, Cara Ramsey facilitated the Streaming History: Fannie Mae Duncan program. Early in the pandemic, Erin Barnes and Tim Morris experimented with streaming videos and documentaries. Using this technology, staff and guests use the chat function to provide information in real time about the history and film. The RH&G team used this method to present Colorado Experience documentaries in partnership with Rocky Mountain PBS. Fannie Mae Duncan producer and director, Kate Perdoni, as well as JJ Frazier, who began performing at the Cotton Club at age 17, presented their experiences at the February program. This type of program can only be successful using a virtual platform.

### **Resources**

The RH&G team subscribes to 25 daily newspapers, including the Colorado Springs Gazette, Colorado Springs Independent, Schriever Sentinel, and Fort Carson Mountaineer. The team preserves the information by creating microfilm of the original newspapers. Microfilm provides patrons and future historians access to the primary source material. Plastic is an extremely stable material. No matter how technology changes in the next 500 years, analog microfilm will remain accessible using simple optic scanners. Tim Morris and Shawn Ho prepared a year of Gazette newspapers to ship to an outside vendor for microfilming. When returned this summer, the completion of this batch will bring the microfilmed Gazette up to December 2020.

### **Internal/Staff**

Throughout the pandemic, the RH&G team lost five staff members with over 50 years of collective experience. This included substantial genealogy and local history content expertise. Since November, Tim Morris hired three new team members Shawn Ho, Jessica Spiker, and Benjamin Harrison. Benjamin started as a Library Associate on February 2. All three are learning foundational skills critical to offering excellent customer service.

## **Young Adult Services**

### **Community**

Cameron Riesenberger organized Young Adult Services first school tour since closing the beginning of the pandemic. Seniors from the Simla school district visit Library 21c every year. Ten students visited the library. Cameron taught a virtual resource class for the students.

Larissa Powers met with Hear, Here Poetry and Pikes Peak Justice and Peace Commission to re-initiate planning for an in-person, outdoor poetry event in April in honor of National Poetry Month.

Becca Philipsen met with the Communities that Cares Data Workgroup to start reviewing the 2019 Healthy Kids Colorado results for Districts 3 and 8.

Mikaela Fortune (Penrose Library) continued to co-host a Pop Culture Club with Inside Out Youth Services. In February we ran four programs with a total of 25 participants.

Larissa Powers continued the partnership with the Colorado School for the Deaf and the Blind (CSDB) in offering bilingual ASL and English Storytimes to families of Deaf children. Larissa is working with CSDB to integrate teens into the program as Storytelling volunteers and role models for the children.

## Resources

Cameron Riesenberger designed and presented a two-hour training for Harrison School District 2 teachers on how to get the most from the PowerPass. Cameron demonstrated how to use the catalog, find homework and tutoring help, and much more.

## Innovation/Creativity

Cameron Riesenberger met with Birdie Miller of the Friends of PPLD board to discuss the upcoming Betty Field Memorial Writing Contest, which will be a part of All Pikes Peak Writes in 2021.

## Service

Review Crew is a teen volunteer opportunity. Teens write an original book review for our website and receive an hour of volunteer credit. In the past two months, we had an increase in reviews. Staff from all over the District are reviewing and uploading the reviews to our website.

## Internal/Staff

At the invitation of Beth Crist, State Library Youth Consultant, Becca Philipsen attended a webinar for library staff across the state of Colorado who are in charge of a summer reading program for the first time. She was attending as a resource to answer questions for the first timers.

## Accountability

This Instagram post promoted a resource from the News Literacy Project about gently correcting misinformation without getting into a fight. It was seen by over 14,000 people and had over 600 likes.

  - **Drive-in Storytime** at Library 21c received a large photo spread in *The Gazette*.
  - The **upcoming opening of Manitou Springs Library at the Manitou Art Center** was highlighted by several news outlets, including KOAA, KRDO, and [Colorado Springs Business Journal](#).
  - Our Library Limelight column, which focused on the **Winter Adult Reading Program**, was featured online and in print for [three local editions of The Gazette](#).
  - [Southeast Express](#) featured the PowerPass partnership between PPLD and HSD2 while [The Cheyenne Edition](#), a weekly publication of *The Gazette*, featured how the **Cheyenne Mountain Library pivoted during the pandemic**.
  - PPLD's Regional History & Genealogy contributed to [KRDO's story](#) on the **history behind the name of Pikes Peak**, and our Homeschool Hub was included in a [Gazette story](#) about **navigating the world of homeschooling**.
  
- Confirmed or anticipated coverage for March:
  - **Library relocation:** Several news outlets cover the grand opening of Manitou Springs Library inside the Manitou Art Center, including KKTU, KOAA, KRDO, *The Gazette*, *Colorado Springs Business Journal*, and *Pikes Peak Bulletin*.
  - **COVID-related service changes:** The reopening of more spaces and services will be featured in our next monthly Library Limelight column.
  - **PowerPass:** PPLD and HSD2 partner to distribute take and make kits for K-8 students ahead of spring break, with a media opportunity scheduled on March 9.
  - **Programs:** The Gazette highlights the upcoming and updated book release of *Invisible People of the Pikes Peak Region* in its Regional History Series. KKTU spotlights PPLD's downtown Stroll a Story in collaboration with local businesses and the Downtown Partnership.

#### A new spin on story time

PHOTO BY JESSIE BOWMETT, THE GAZETTE

**ABOVE:** The Pikes Peak Library District has been holding story times, but with a safety difference. Brady Nickerson holds up a book while families sing "The Wheels on the Bus" by listening through their car radio Tuesday.

**RIGHT:** Jen Young brought her twins, Joshua and Jude, background, on Tuesday for story time. There are two upcoming sessions, at 9:30 a.m. Saturday at the Fountain branch and at noon Sunday at the Penrose Library.

**\*NOTE:** The total figure above includes all tracked and/or known TV, print, online, and/or radio coverage by news outlet, including on-air mentions and stories that ran on multiple newscasts. It excludes online or print event listings, in addition to unknown radio features due to tracking limitations.

## DIGITAL MARKETING

- PPLD.org website statistics (as of last month):
  - **Most popular web page**, besides the home page: [ppld.org/kids](http://ppld.org/kids)
  - **Monthly totals:** 188,048 sessions; 91,025 visitors, with 76,326 being new; and 349,235 pageviews

  - **Twitter:** 5,209 total followers, plus 827 engagement
  - **Instagram:** 2,487 total followers, plus 1,690 engagement
  - **LinkedIn:** 1,204 total followers, plus 240 engagement
- Video & social media highlights:
  - **Video feature on Peggy Shivers:**  
Video Producer/Director Drew Cerino produced a mini-documentary about Peggy Shivers, the music legend and philanthropist who jointly started the Shivers Fund of PPLD with her husband in 1993. It was publicly released during Black History Month, with a spotlight on PPLD's website, YouTube channel, and social media beginning Feb. 24, followed by a PPLDTV feature on Feb. 28. The online video has already received **more than 1,100 views, totaling over 80 hours of viewing time.**

## HAPPENINGS

### Key updates & partnerships:

- **News from the Communications department:** We hired a new graphic designer and welcomed Rachel Francis to our team on March 1! We're in the hiring process for PPLD's new Director of Public Relations & Marketing.
- **COVID-related service changes:** PPLD reopened more spaces and services as of Feb. 9. This included use of makerspaces and studios, along with a limited number of meeting rooms across the District; reservations required. Patrons can continue to take advantage of [curbside services](#), [ask a librarian](#), and [use the Library remotely](#), which includes a large digital collection, extensive hub of online resources, and many virtual programs for people of all ages and interests.
- **Library relocations & reopenings:**  
[Manitou Springs Library](#) officially opened at the Manitou Art Center on Fri., March 5, with a ribbon-cutting celebration, limited-edition library card, and more. [Old Colorado City Library](#) reopens to the public after several weeks of interior renovations on Tue., March 16.

- **New referral partnership:** PPLD joined the [Unite Us](#) network with 27 other organizations in Central and Southern Colorado. There is no cost to participate, and it's a "coordinated care network connecting community-based organizations, health care providers, and public agencies through a shared technology platform to address people's social needs and improve health across communities." Participation will help PPLD streamline social work referrals, as well as provide opportunities to promote offerings such as Adult Education classes.
- **Support for the nonprofit sector:** Thanks to the Foundation and Adult Services, the Southern Colorado Chapter of the Association of Fundraising Professionals shared the [Robert Hilbert Resource Center's virtual nonprofit workshops](#) in their monthly email newsletter to members.
- **AARP Tax-Aide support available at PPLD locations:** Free tax support continues through April 13! Interested community members can call (719) 235-6757 to schedule an appointment and find out how to complete intake forms in advance. Their volunteer team is available at Library 21c and Calhan Library; services hours and times vary by location. Due to COVID-19, patrons drop off their documents to be scanned by AARP volunteers, who will then submit the returns virtually. As a reminder, the program is not just for AARP members.

### Current & upcoming programs:

- [Women's History Month](#)  
**Colorado Women in World War II**  
**Thu., March 18, 6 p.m.** (virtual)  
 Join author Gail Beaton as she presents on Colorado women during World War II. Gail Beaton is a historian, author, retired teacher, Chautauqua presenter, and volunteer advisory council member of the Center for Colorado Women's History at the Byers-Evans House Museum. Her first book, *Colorado Women: A History*, was a finalist for the 2013 Colorado Book Awards, along with the 2013 WILLA Library Award for Scholarly Nonfiction presented by Women Writing the West. Registration is required.

- [Winter Adult Reading Program: Tales & Tails](#)  
**Continues through March 31**  
 The annual program is open to anyone 18 years and older from Feb. 1 – March 31. Simply register online or in-person at any library location, and then log your reading and/or activities. Collect prizes at various milestones and be entered to win the grand prize.
- [Mountain of Authors](#)  
**Panel Discussion: True Crime & Crime Writing**  
**Thu., April 29, 6 p.m.** (Library 21c's venue & virtual)  
 The live panel will include an author, journalist, and historian/archivist, along with the program's keynote speaker Joe Kenda. Panelists will discuss true crime/crime writing, sharing their personal knowledge and experiences that provides valuable insight into this world of writing.

#### **Keynote Address: Lt. Joe Kenda (ret.)**

**Sat., May 1, 2 p.m.** (virtual)

Join us for the 2021 keynote address by author and retired homicide detective Lt. Joe Kenda, which will include a Q&A session at the end. Register to attend, along with a chance to win an autographed copy of his new book, *Killer Triggers*.

## **Meeting & study rooms:**

- **Library-hosted programs & room use (including Virtual Library):** 128 for last month, bringing the year-to-date total to 255
- **Patron reservations:** 12 for last month, bringing the year-to-date total to 16
- **Online patron requests:** 54 during last month, bringing the year-to-date total to 54
- **Phone & email inquiries:** 43 for last month, bringing the year-to-date total to 52
- **Cancellations (by PPLD):** 276 for last month, bringing the year-to-date total to 557

*\*During the ongoing pandemic, a [limited number of rooms reopened](#) to the public on Feb. 9, but due to the scheduling requirements (two weeks in advance), actual reservations for use resumed Feb. 23.*

## **Internal communications:**

- **The Bookmark**, PPLD's weekly email newsletter for all staff
- **Intranet** updates and spotlights
- **Staff input and feedback** via online surveys

## **COVID-19 PANDEMIC**

  - Email newsletters: NextReads (opt-in book recommendations to subscribed patrons)

## **Facilities Department Report March 17, 2021**

### **Projects**

The Old Colorado City wood floor replacement has been completed. Currently, millwork alterations and refresh are in process. Additionally, staff is rearranging the collection, teens, and children's areas. Target for opening is the morning of Tuesday, March 16.

The new network closet for the East Library has been substantially completed and final punch walk conducted on Friday, March 5. Punch items are scheduled to be completed March 8<sup>th</sup>.

Facilities is working with Design Edge on design of a new network closet that will serve the Penrose/Carnegie buildings. Also, in association with this project will be the addition of a new office located in the lower level of the 1905 Carnegie. This project is anticipated to begin in April or May of this year.

Facilities is also working on completing the project to enclose the open space of the Executive Assistant's lobby. Design is currently in process.

We are still awaiting word back from the Colorado Springs Parking Enterprise regarding the intergovernmental agreement between the city and PPLD for enforcement and funds from the parking lot of the Penrose Library. Once the agreement is finalized, the Facilities department will proceed with replacement of the parking meters.

### **Operations**

Facilities released an RFQ for Landscape Maintenance services for the district. Three proposals have been received and are currently under review. It is anticipated that award of the 2021 service contract will occur no later than March 12.

Facilities is also working the RFP for janitorial services to be implemented January 1, 2022. This will be a decision item that will be presented later this summer.

Facilities staff provided support for the relocation from the Manitou Springs Carnegie Library to the Manitou Arts Center upon completion of construction.

Facilities staff have also provided much support with the Old Colorado City Library floor replacement including but not limited to furniture and shelving movement, assist with replacement upon completion, targeted millwork refinishing, etc.

Facilities staff has also provided support to new programs such as Drive-in Story Time at several locations.

### **Monthly Statistics**

In the month of February 2021, the Facilities department completed a total of (187) routine visits to district library facilities. Routine visits are done weekly and allow Facilities Specialists and Supervisors to complete any pending work orders, inspect location for safety issues, address minor projects, restock building supplies, and meet with managers regarding any concerns or requests.

Also in the month of February, 2021, Facilities staff completed a total of (87) demand work orders (work orders submitted by PPLD staff) accounting for (203.26 hours) of staff time and (170) preventive maintenance work orders (work orders scheduled for equipment, etc.) to account for (196.38 hours) of staff time. A total of (257) work orders. Along with work orders, Facilities on-call personnel responded to (1) after-hours calls in February 2021. Emergency calls address issues that cannot wait until the next business day.

## Safety/Security Update: February 2021

- Safety/Security continues to work on daily cooperation with all branches to ensure Covid Safety guidelines are enforced.
- Completion of MAC Camera and card access systems in near future.
- Continuing to work on development of integrated alarm/badge system at MAC as pilot program for district.
- Security continues to complete hiring process to fill department needs.
- Safety continues to work on expansion of Safety programs and training across the district.
- All mandatory CPR training for 2021 is nearing completion.
- Each Regional Security Supervisor has been asked to create a briefing about their team to be incorporated into this update each month. Below is what they wanted to share.

### Southeast Region

- Security officers monitor alarm systems to check for normal operations. When trouble is detected, it is reported immediately so that systems can be restored, as quickly as possible

- Security officers assist in monitoring the building capacity and implement control measures when occupancy approaches the capacity limit. This has become especially important during the pandemic response period, in which we find ourselves. For instance, the capacity at the East Library would normally be 1040 people. As a result of the pandemic, building occupancy has been reduced to 90 people. The first step of enforcing the new limit is that an officer or Adult Services staff member is stationed near the main entrance and maintains a count of the patrons coming and going.

- *Security officers at the three Regional Libraries (21C, East and Penrose) in addition to raising and lowering the flag, will monitor the status for the day for adjustments, such as flying the flag at half-staff. When the president orders an adjustment to the flag status to half-staff, security officers will make that adjustment. In addition, security officers receive questions from patrons, as they notice the status of the flag, and these updates allow them to answer the patron's questions accurately.*

## **North Region**

- *North Region Security works with many elements of PPLD in order to provide for the best Library environment in the state. For example, we work closely with North Region Facilities for vendor/ contractor access, after hours response and any help they need as we strive to have a great working relationship for the betterment of PPLD. A few examples are;*

*-Gas leak inside 21c causing patron concern; Security contacted facilities directly and they responded to the call quickly. Security assisted with a walk through of the building and administrative spaces in order to locate the leak. Facilities obtained gas line shut off tools, Security stayed until they were satisfied the odor was not a gas leak even though this was 2 hours passed closing.*

*-Security has assisted with vendor access throughout the building for contractors doing work at 21c.*

*The examples of Security assistance to Facilities are numerous and occur daily and it should be noted, they assist us in numerous ways each and every month*

- *North Region Security is always out in the region conducting inspections of AED, First Aid, Stop the Bleed and Blood Cleanup kits and addressing patron conduct. We are a small team compared to the other regions, yet we can provide Security services throughout the region. Currently, we are addressing anti-mask patrons at High Prairie and Rockrimmon libraries that have resulted in Suspensions and PITS reports. Security has a great rapport with regional managers and supervisors allowing for better outcomes from Code of Conduct violations. Security maintains a presence by assigning staff at locations during normal operations and when an issue has been identified. Also, when a Security Officer is on vacation or sick, we send an Officer from 21c to the location to back fill the position.*

*North Region Security has a high level of expectation for performance and the team each and every month meet the challenges of being a smaller team yet still addressing issues and providing high quality service to PPLD patrons.*

- *North Region Security has conducted 30+ hours of service to non-assigned locations this month. The Security Officers from 21c were assigned different locations utilizing a random schedule approach to address staff concerns and patrons not wearing masks.*

*It should be noted, all feedback sessions were completed with reachable goals to continue improving the North Region Security Team*

### **West Region**

- *David Ladner started working at Penrose library in early February, since then he has been assigned to inventory and restock all stop the bleed kits across the district. He took it upon himself to identify every location and created a spreadsheet to track discrepancies if needed. David is playing a key part in making sure PPLD is safe and stocked, ready for any situation that may need our Stop the Bleed kits.*

- *Bryan Cornell has been identified as the point of contact for the Blood Borne pathogen and body fluid cleanup kits for the district. In his short time with PPLD he has worked hard to revise the training video and made changes to the kits across the district ensuring they are kept well stocked. Due to these recent changes he also recently replaced all laminated procedures and instructions in the kits across the district.*

- *Kennedy Smith has taken over the inspection of all first aid kits within the west region. She has worked hard to organize and label a new safety locker at Penrose Library, consisting of over 400 items. Kennedy is on track to have all first aid kits in the region fully stocked and inventoried by the end of March 2021.*
